

English

Wonder is a brutally powerful story of a 10-year-old boy named August Pullman, who has a facial anomaly. He is an ordinary kid who plays Xbox, is obsessed with Star Wars, but despite the 27 operations done for his face he will never look normal.

Research **Treacher-Collins syndrome**, which is the condition suffered by the main narrator of 'Wonder'. Can you create a non-chronological report for this syndrome including how it affects people, how common it is etc?

Maths

1) Please ensure you regularly go onto TTRS to keep up your times tables knowledge and speed!

WEEKLY

2) Each week, please complete 2 arithmetic tests that are in the back of your homework books, timing yourself and making it a challenge to improve your time.

Reading

Each week, please read your book **at least 3 times** and ask your grown-up to record this in your planner.

We would love to know about a book you are reading or have recently read. Please write a detailed book review, so we can display them in class. How creative can you be?

If you are unable to read 3 times at home a week, we will be holding a 'reading club' Monday break time to ensure you get the chance to read!

Computing

Please design a website page on the sheet in your homework book.

This page should be based on an animal of your choice for people to use to find out information about this particular animal.

If you complete other homework such as handwriting, SATS assessments etc, please let me know.

Spellings are given out on **a Monday** and tested the following **Friday**. Please practise these spellings at home looking at the rule. Can you find anymore words that have the same rule? We practise these spellings each day in class too!

Science

Classification

Research an animal that is now extinct and create a piece of work on why this animal is now extinct.

We look forward to seeing how creative you can be with this.

Autumn 2

Here is your homework for this half-term!

Please complete an activity of your choice each week and ensure, where possible, your homework is logged in your homework book and returned to school by **Friday** each week.

Geography

Power

How do we promote renewable energy in Shirebrook? Do we do enough?

Record ways in which we are already using renewable energy and then ways where we can help.
